

Indiana Association for the Gifted Conference 2019

Design Thinking as a Mentorship Tool for STEM-based Community Service Projects

Presenters:

1. Robyn Spoon, MA, rspoon@bsu.edu
2. Ryan Spoon, Columbus East High School, 20spoonr@gmail.com

1. Part One: How can we use the Design Thinking Model to support students engaged in independent investigations or projects....especially when we aren't an expert in their chosen content area?
2. Part Two: A high school student explains a project he completed with a group of students that was aimed at better connecting youth in his county to needed resources.
3. Part Three: Q and A
